

CITY'S RED CROSS TOTAL IS \$175,000

190 Per Cent. Enrollment Reported From 450 Plants in Second Week.

CATHOLIC PLEA—TO-DAY

Women Will Have Collectors at Church Entrances and Pastors Will Help.

The close of the second week of the Red Cross roll call shows a total of \$175,000 from all the boroughs, according to the figures given out last night from the headquarters of the New York County Chapter, 598 Madison avenue. Of this sum \$125,000 is reported from Manhattan, \$30,000 from Brooklyn and \$20,000 from The Bronx.

The amount raised in Manhattan includes approximately \$80,000 from the industrial division. Among the groups functioning under the campaign plan of organization the banking section, under Percy H. Johnson, president of the Chemical National Bank, has reported partial returns of \$12,000, the textile section \$9,000 and the printing group, headed by E. A. Kendrick, \$6,000.

More than 450 industrial plants and organizations have reported a hundred per cent. membership enrollment to date. The committee on public relations, co-operating with the Motion Picture Producers and Distributors of America, of which Will Hays is president, made its 100 per cent. report yesterday. J. P. McClean, manager of the Mason-Hamlin Company, who is heading a special music group, reported an enrollment of 1,000 members in the Aeolian Company.

At the request and suggestion of the postmaster, 12,000 supplies have been sent to the Post Office, which is being covered for the first time in a Red Cross roll call.

With a student enrollment of 300, the Lincoln School of Teachers College returned yesterday \$729, representing the aggregate of 400 subscriptions. Generous response to the roll call is also reported from the soldiers on Governors island.

To-day through the efforts of the League of Catholic Women, fifty Catholic churches throughout the city will cooperate with the Red Cross in its effort to reach every citizen directly with the Roll Call appeal. The pastor in each church will make a special announcement of the Roll Call with a plea for a generous response, and Red Cross workers will be stationed at the entrances of the church to receive enrollments and contributions and to distribute leaflets descriptive of the program of Red Cross work, for whose maintenance the Roll Call is being made.

Miss Teresa O'Donohue, president of the League of Catholic Women, is serving as chairman of the Catholic Women's Division in the Roll Call organization. With her on the committee are: Mrs. Joseph Stevin, Jr., Mrs. Bryan L. Kennelly, Mrs. Thomas Gavin, Miss Caroline Linher and Mrs. Hennessy. Miss Cecilia G. Van Schalic is secretary of the committee.

BROWNSVILLE EDITOR IN CONTEMPT OVER BUS Owners of Vehicles Also Ordered to Appear.

Charles Bright, publisher of the Brownsville Special, and several bus owners were declared in contempt of Court yesterday by Justice Van Sien in the Supreme Court in Brooklyn and ordered to appear before Justice Van Sien on Tuesday for punishment. The decision was handed down on an application to have the defendants punished for violation of an injunction restraining the operation of buses on the Eastern Parkway-Pittkin avenue route.

It is charged that Bright leased the buses from the owners and published coupons in his paper entitling the holders to rides. The coupons were collected on the buses. Bright contended that the coupons were published to aid the circulation of his paper and that he had no intention of violating the order of the court.

RECTOR GETS JUDGMENT.

Michael Illinsky, rector of the North American Russian Orthodox Theological Seminary, yesterday obtained a judgment by confession of \$249 against the Archbishop and consistory of the Russian Orthodox Greek Church. The amount of the judgment represents salary for four years seven months at \$60 a month, with interest.

STOCK LIST BREAKS ONE TO SIX POINTS

Early Dissolution of Pool in Rock Island Helps Send Market Down.

A break in the stock market yesterday, which at times reached extreme violence, carried the general list from one to six points and more below their closing prices of Friday. So sharp was the decline that in the brief two hour session the extent of the drop in values went considerably beyond that of a normal reaction in a full day's trading. Stocks were weakest just before the close and most of them closed the day at or near their lowest levels.

One of the chief causes of the decline was the confirmation of a report that a pool formed early this year in shares of the Chicago, Rock Island and Pacific Railway Company will expire by limitation on December 1 and will dissolve. This pool includes several of the biggest and most important brokerage houses in the financial district and was managed by Jesse L. Livermore, the trader who is noted for the tremendous volume of his operations in the market. The

dissolution of the pool, it was said yesterday, will leave about 40,000 shares of the stock undistributed, and this stock it is intended to allot to the various houses participating in the pool at a price of \$45 a share, which compares with yesterday's closing figure of \$114.

Although the heavy selling of Rock Island which occurred when the pool dissolution plans became known carried the rest of the railroad stocks down very sharply, the decline was not confined to that group by any means. Some of the most speculative industrials, including Studebaker, Standard Oil, of New Jersey, Columbia Gas and Electric, Baldwin Locomotive, United States Steel, etc., suffered very severe declines. In the case of Studebaker the stock sold as low as 114, which represents the lowest point it has touched since last May.

The following table gives a comparison of the closing prices of some of the leading speculative issues yesterday with their high for the year:

Year's High	Close	Low
American Locomotive	124 1/2	117 1/2
Baldwin Locomotive	124 1/2	117 1/2
Bethlehem Steel	82 1/2	61 1/2
Chicago & Northwestern	79 1/2	74 1/2
Consolidated Gas	145 1/2	124 1/2
General Asphalt	75 1/2	37 1/2
Great Northern	80 1/2	75 1/2
Maxwell Motors	74 1/2	42 1/2
Mexican Petroleum	20 1/2	19 1/2
Medicine	31 1/2	19 1/2
New York Central	101 1/2	90 1/2
Republic Steel	59 1/2	49 1/2
Standard Oil of New Jersey	250 1/2	184 1/2
Studebaker	120 1/2	114 1/2

Another brother, Vincent J. Thompson of this city, who was in San Francisco on a business trip, arrived at the 125th street station at 8 o'clock last night after making the fastest possible time by rail across the continent, the trip taking about four and one-half days. William N. Thompson was 47. He

'FIANCE' ALREADY WED, SO GIRL IS DEPORTED

Ada Powell Had Sought to Marry 'Dale,' an Actor.

Ada Gladys Powell, a young English woman, was deported from Ellis Island yesterday on information in a telegram from Miss Powell's mother together with a story told by the girl.

Miss Powell admitted to the authorities that she had come to marry an English actor named "Dale." It is found that "Dale" is married, but Miss Powell, who arrived here by the Saxonia on November 21, insisted that she be permitted to land, saying that she intended staying with a friend, Miss Jeannette Sherwin of 119 West Forty-fifth street, until "Dale" could get a divorce.

Miss Sherwin has a role in "Loyal-ty," playing at the Gaiety Theater. "Dale's" first name was unobtainable at Ellis Island, where he had not put in his appearance. Miss Sherwin's father appeared at Ellis Island to bid the English girl goodbye.
